## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

The Management Committee serves as a bridge between the school and the student body. That is where my interest lies in - improving the lives of SoC members through understanding their needs and then adopting measures to meet them. Attending to their needs is of utmost importance as when their needs are met, students will be able to focus and put in their best efforts in studying. Also, I believe I have the knack of bringing people and getting them to work together.
