## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

It was my first year experience as a sub-committee member in many cells that motivated me to join the Management Committee and to benefit the student body more, by taking up more crucial roles. I made many like-minded friends in sub-committees who are also joining and I would like to work with them to continue to serve the SoC family better. My experience in different cells helps me to better understand how different cells work and how I can coordinate and liaise with different directors if I become a part of the Management Committee.

List down all skill(s)/experience(s) relevant for your intended position:

Just a few months ago, as you may know, I was the programme head of the Freshman Social Camp. I also performed the roles of a station master and OGL before. Such an experience has helped me to understand how important orientation programmes are to integrate the freshmen into the SoC family. I was once the assistant FOP publicity head as well, helping the publicity head to manage and foresee the publicity activities for Freshman Orientation Programmes (FOP). I have learned how crucial publicity is for such programmes and have enjoyed the learning process. Moreover, I got to

handle and learn how to liaise with external sponsors for camps by joining the marketing sub-committee. I learned how to negotiate to benefit the student body, at the same time, meeting the sponsors' needs. Therefore, I am confident to say that I have experience in most aspects of the FOP and thus, I intend to run for the FOP director.
