## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I think joining NUS Students' Computing Club Management Committee would be an eye-opening experience for me. It would also give me the opportunity to plan and manage events on a much larger scale. After joining various FOPs this summer, I witnessed how close and bonded School of Computing (SOC) can be and I want to be able to make a difference and contribute to that. I really like the friendly and welcoming culture SOC has and want to ensure that this faculty spirit would continue to be strong and felt. I am particularly interested in the role of Community Service director and Student Relations director. I was from interact club in junior college and from that experience, I grew to love and enjoy planning and executing community involvement projects. In addition, I like making new friends and am empathetic which makes me suitable to take on the role of student relations director. I also have experience managing logistics in secondary school hence I think I am able to cope with the job scope of both roles. All in all, I think that joining NUS Students' Computing Club Management Committee would be a really enriching and good learning experience and a platform for me to step out of my comfort zone. It would also be a good opportunity for me to serve the faculty using my strengths and interests.

List down all skill(s)/experience(s) relevant for your intended position:

-I was part of the board of directors for TJC's Leo Club (interact club). Which gave me many opportunities to lead and organize community involvement projects.

-In secondary school, I was part of the exco for PLMGSS's Guzheng Ensemble and I took on the role of costume in-charge which gave me experience in managing logistics

-I also served the school as part of the prefectorial board which gave me ample opportunities to hone my leadership skills
