Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

University is a place where I want to learn to work with others, step out of my comfort zone and make a positive impact on someone else's life and I feel that joining the NUS Students' Computing Club Management Committee will help me achieve all these goals. Apart from the leadership position I took on in NPCC during my secondary school days, I feel like I have always been on the receiving end in school, where my friends who took on leadership positions proactively pushed for various welfare initiatives. Thus, I've always been grateful to the councilors and prefects in school who actively implement various initiatives in attempt to brighten up the hectic school life and improve our welfare. Watching them serve the student body with such passion really inspired me and thus I would like to be part of a committee that does the same. On top of that I feel that joining the committee will be instrumental to help me develop and grow as a person as there would be many opportunities for me to learn from my peers and from various situations that I would face. Thus I'd like to be a part of this team of passionate and dedicated individuals to make life in School of Computing better for every student.

List down all skill(s)/experience(s) relevant for your intended position:

I'd like to run for the General Secretary Position as I feel that I am disciplined and . My experiences in NPCC shaped me to become a person who is disciplined and imbued a sense of urgency in me. As the general secretary, I feel that discipline and good time management skills are very important to ensure that meetings held are efficient so as to not waste the precious time of committee members and also to ensure that everyone takes their job seriously. In NPCC, we had to plan activities for our juniors with a specific time frame in mind and during trainings it was crucial to stick closely to the stipulated timeline so as to get more things done. We also had to come up with proposals ^{monthly} to seek approval for the activities we had planned and ^{it was made clear that} the due date for the proposals to be submitted had to be very strictly followed. Thus I am confident to be able to maintain discipline and manage time well in the committee.
