## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

In general, I would like to serve, nurture and support other students who are also part of NUS Computing. Being part of the MC, I can take this opportunity to build on my teamwork and interests within my chosen faculty. Meeting and working with other students from different courses and growing together. Gaining experience and taking this chance to build on my leadership skills. I would like to take up the position as a Director of Publicity because I have great interests in assisting to reach out to the student body, taking memorable photos for events and designing posters.
